

# TINA manual for core scanning

May 13, 2025

1. Turn on the computer if it is not on, and try to restart the computer after each long scanning job.
2. Log in using the password.
3. Go to the terminal, type in the following command or use the upper arrow as a short cut.
4. Once the App is on, press the botton (THE ONE NOT COVERED BY THE RED TAPE)
5. Click Serial connect
6. Click Go home
