

Labeling system

May 13, 2025

If you read the label on each core, they should include five species of information.

MORA: The name of the project (short for Mount Rainier)

2024: The year the sample was collected

AV06/AM16/TO04/PARA/AG05/AE10/AO03/TO01/SUNR/AB08: Name of the stand

PSME/TSHE/TSME/ABAM/THPL/CANO: Species name

Number: Tag number of the tree

(1)/(2): Sample number from the same individual

Arrow: Indicates the side of the bark
